

CROSSING THE ANTARCTIC CIRCLE

13 DAYS / 11 NIGHTS ON BOARD

USHUAIA TO USHUAIA

Welcoming the New Year, where few have gone before. This is the ultimate explorer's journey, to the Southernmost part of the world. We chart a course along the Antarctic Peninsula with the ambition of being among the very few to cross the Antarctic Circle. Along the way, we'll likely encounter some of Antarctica's most engaging full-time residents – Humpback and Orca whales, seals and, of course, a variety of those always-entertaining penguins. The farther south we go, the more dramatic sea ice we are likely to encounter, along with incredible wildlife and awe-inspiring scenery. Should we arrive at 66°33'S, we'll join the small band of Antarctic explorers who can claim they have made it this far south. Celebration ensues!

Day 1, Arrive in and explore Ushuaia

After a friendly welcome at the airport and a transfer to the luxurious Arakur Resort & Spa (or another of Ushuaia's top luxury hotels), take some time to unwind or explore the southernmost city in the world, Ushuaia.

Our evening briefing is your opportunity to ask questions and meet some of your fellow explorers.

Day 2, All aboard!

Spend your morning relaxing at the hotel, or visit a museum or the Argentinean leather markets in Ushuaia, before or just relaxing at the hotel until our mid-afternoon escort to the ship. Our Expedition Team and ship staff will welcome you on board and get you settled in, followed by a safety and orientation briefing and our Captain's welcome dinner. We're on our way to Antarctica!

Days 3-4, Drake Passage

Join our Polar Experts as they share their vast knowledge of Antarctica, from its enchanting wildlife to its bold history. Participate in our pioneering Citizen Science program, or sit back and take in this fabled journey while catching glimpses of rarely-seen wildlife. Keep your binoculars handy to identify the many seabirds that escort our ship as we cross the Antarctic Convergence into Antarctica's waters and noticeably cooler temperatures.

Days 5-9, Antarctic Peninsula and Antarctic Circle

We venture west along the Antarctic Peninsula into the Gerlache Strait region, exploring a variety of sites highlighting the area's staggering natural beauty. Iconic experiences await on our twice-daily excursions. From Zodiac cruises into Paradise Bay, to witnessing penguins nesting on Cuverville Island, each potential stop promises awe-inspiring encounters. We'll explore historic huts at Damoy Point, keep an eye out for humpback whales in Wilhelmina Bay, and continue south until we reach the crown jewel of this expedition, the jaw-dropping scenery through the Lemaire Channel. Weather permitting, we'll cross the Antarctic Circle at 66°33'S, an achievement that will put you in rare company.

Day 10, South Shetland Islands

This archipelago represents the northernmost tip of Antarctica, standing proud against the relentless force of the Southern Ocean. The ice-capped peaks of Livingstone, Greenwich, and King George Islands offer a stunning backdrop to explore. And despite the furious elements, the islands boast a remarkable richness of wildlife, with numerous colonies of Gentoo and Chinstrap Penguins dotting the island shores, accompanied by an array of formidable seabirds like the predatory Giant Petrels. Weather permitting, we'll explore the eerie landscape of Deception Island, an active volcanic crater with black steaming sands and rusting ruins, and immerse ourselves in the history of Yankee Harbour, once a vital anchorage for sealers.

Days 11-12, Drake Passage

We leave this magical place and make our way north, once again crossing the legendary Drake Passage. We have one last hurrah as we celebrate the conclusion of our expedition with a special slideshow, passenger photo contest, and a final celebratory meal together. Congratulations, explorers!

Day 13, Ushuaia disembarkation

With huge smiles on weary, content faces, we disembark in the morning, letting you catch a flight to Buenos Aires or stay in Ushuaia for more sights and adventure.
